ABOUT DENTAL INSURANCE

Even if you have dental insurance, payment is your responsibility, but we can help. Regardless of what we might calculate as your dental benefits in dollars, we must stress the fact that as the patient, you are responsible for the total treatment fee. Dental insurance does not pay all fees but is a great supplement to allow you to obtain the highest quality of dental care available.

As a courtesy to you, we do accept assignment of benefit payments for most insurance companies. This will reduce your immediate out-of-pocket expenditures. Our estimates are based on limited information obtained from your insurance company. We allow 60 days for your insurance company to make payment. After that period of time, all inquiries, follow ups, and payments due, become the responsibility of you, the patient.

I understand that after the 60-day period of time, I am responsible for ALL fees, regardless of insurance coverage. Interest charges of 1.5% per month (18% per year) will be added to the entire unpaid balance after 60 days. I agree to pay all costs of collection, including, but not limited to, reasonable attorney's fees.

Appointment Confirmations/Broken Appointments

We understand that everyone's time is important. However, once you make an appointment for either yourself or someone in your family, we expect you to keep it unless it is canceled at least 48 hours before the time slot that has been reserved for you or your family member. We will give you several opportunities to cancel and re-schedule well in advance should you need to do so. Our office policy is to send you a reminder one (1) week before the scheduled time, and a second reminder three (3) days before. If neither of those is confirmed via email or text, you will receive a phone call to confirm your appointment. We reserve the right to charge you \$100 for an appointment that is broken, that is not canceled, or rescheduled at least 48 hours before your confirmed scheduled appointment. We have a busy practice, and if you fail to show for your appointment, it takes a time slot away from other patients within our practice. Our office also understands that circumstances do arise that may prevent you from coming even though you may have confirmed. But please do your best to give us at least a 48-hour notice so we may use that time to serve other patients.
